AN OPEN LETTER.

A NUMBER OF PERTINENT INCUIRIES ADDRESSED TO MR. M'COMAS.

The Well-Known Maryland Member Accused of Acting to a Hymneritlen! Manner Toward the

Hot Louis E. McComm, M. C., House a Representations, Workington, D. C. Syn: If, as claimed by your friends, you are a port of Common Councilman for our District, it seems proper that our people, should know something of your opinions as affecting our rights and our interests. On the 22d instant, therefore, I wrote you as follows:

Sin: Pending the consideration of the District Appropriation bill in the House of Representatives on the 20th day of July ultimo, tion. Thomas M. Bayes is reported to have stated in your presence that in the opinion "Congress is also lately without power to delegate authority to any municipal government to legislate for this District."

On account of the vital importance of that question to our people and of the representative relation to our District affairs, which you seem to occupy, I have the honor respectfully to request to be informed whether or not you concur in that opinion. Please have the kindness to write me at your earliest

But no reply has been received. Apparently, to perpetuate an auto-cratic and oppressive government in this District, a combined effort is being made to delude our people and the coun-try into the belief that a municipal gov-ernment for local purposes in this Dis-trict is absolutely incompatible with the Constitution, and Mr. Bayne seems to have been put forward as the seems to have been put forward as the pompous pretender of the jurisprudence of "Christendom" to aid and strengthen that moustrous imposition, which you timely ventured to sustain only by incendo or

You say "the people come here with otice in the Constitution as to the power and duty of Congress with its exclusive control of this District." I first came here in 1837, and found in this city of Washington a municipal government with legislative powers created by act of Congress. More than a quarter of a century thereafter I came again and found a similar government still in existence. But I never received any "notice" that its creation and maintenance all that time had been violation of the Constitution of the United States as you now muster suffi-

And, should you desire to have my reasons, I shall furnish them for publication with pleasure.

I am a Republican, and I desire that the control of our national Government should remain in the hands of those who have always stood true to the flag and sacrificed and suffered for its maintenance. But I have no fellowship with an imposter, who prostitutes his office to ignore and oppress common people, and to impair or abridge the rights and prerogatives of American citizenship. With distinguished consideration, repectfully, S. C. CLARKE.

TO RELIEVE FAMINE-STRICKEN IRELAND.

An Appeal Issued by the American

NEW YORK, Oct. 1 .- The appeal of the American committee for the relief of famine in Ireland was issued yesterday. It is based upon careful data gathered from various sources in the country which finds itself again face to face with the grim spectre of famine. The movement is utterly without political or other outside significance. It has no connection with any organization in this country or Ireland. The personnel of the committee is as follows: Chairman, General James Grant Wil-Chairman, General James Grant Wit-son; honorary chairmen, ex-President Hayes, ex-President Cleveland; vice-chairmen, James Redpath, George Ehret, Elliott F. Shepard, James Phil-ilps, jr. The Sun and Press in New York, the Public Ledger in Philadel-phia, and the Globs in Beston will pub-lish the names of contributors. ish the names of contributors.

After describing in vivid terms the existing and threatened distress in Ireland, the address concludes: Contribu-tions of money may be sent to the New or through any reputable bank, banking house or trust company. Contribucared for if notification is given to Mr. Arthur Dudley Vinten, the committee's secretary, care of the New York Press.

TO MAKE IT A STOCK COMPANY.

The Big Dry Goods Firm of J. V. Farwell & Co, to Beorganize.

NEW YORK, Oct. 1 .- The prominent ity goods jobbing house of John V. Farwell & Co. of Chicago are considering a plan for the reorganization of their business by merging it into a stock company in a manner similar to that nade a few months ago by the New York house of H. B. Clailin & Co. Mr. Boardman Burchard, the firm's repre-sentative in this city, says that the firm are not prepared to give details pub-licity. When asked if the new com-pany would be capitalized to as large an amount as \$5,000,000 Mr. Burchard said it would probably be at a figure in The reasons for the contemplated re-

organization, the same authority said, were the increasing years and the accumulated business responsibilities resting upon the senior members of the firm, and also that the time seemed a favorable one for floating such business propositions as that contemplated. The irm of J. V. Farwell & Co. is the oldest dry goods jobbing house in Chicago, and from its volume of business stands probably third is rank among the dry goods jobbers of the country. According to the mercantile reports of January, 1880, the capital of the firm was estimated at \$6,000,000 and its annual business at \$22,000,000.

Curcago, Oct. 1 - When John T. Chamasero of the first of John V. Farwell & Co. was seen just alight he at first declined to say snything but finally said: "It is true that we are to make a stock company of the tirm from the lat of January, but that's nobody's bust-

IT WAS A "FAKE."

Officer Sutton Denies He Was Offered a Provided With a Cell in the Station Framedian for Money, for Carrying a Bevelver, Statements were published in the Post this morning in which it is alleged that Officer Malloy of the Eighth Precinct was twice approached by Officer Slack. who offered for \$100 to secure him a position on the mounted force, saying that he had influence enough at Head quarters to accomplish this result. I was also alleged that Officer Sutton of the First Precinct had admitted to a Post reporter that a fleutenant on the

force had offered to get him promoted to a sergeantey if he would pay \$150.

Mr. Sutten indignantly denied ever saying anything of the kind. "It's a lie, pure and simple," he said, "and the man who wrote It must have been out of his head. Talking with a reporter Monday night, he rold me about the Malloy matter, and I said I did not believe it. Not a word was said regard. ng myself. Last night another reporter for the same paper came to me, and after reading the article which appeared this morning asked me if I would make a statement. I told blee it was a He that I had never used such language, never had been approached by any one with an offer of promotion, and yet he deliberately writes that I admitted making such a statement, but that it did not go now. The whole thing, so far as I am concerned, is a falsehood, and I hope you will deny it as emphatically as constitute.

"Why even supposing for an instant it were true, wouldn't I be a big fool to tell any one." That shows the absurdity of the story. I have never heard of money being pald for promotions, and

I don't believe there ever has been."
Licutenant Amiss was also indignant
at the publication, for Sutton being in
his precinct he considered it an indirect slur upon him. Regarding the Malloy-Slack matter no denial has been made yet, and it is probable that the matter will be in-vestigated by the Police Department. Promotions to sergeant are made by ex-aminations, eligible to all second-class

men, while promotions in the ranks are

made in the order of appointment, so it seems impossible for influence, es-

pecially of this character to be used. MAY TIE UP ADAMS EXPRESS.

Many Discharges Being Made and a Strike is Threatened,

NEW YORK, Oct. 1 .- A tle-up of Adams Express Company is not improbable in this city on account of the discharge of seventy live employes on Saturday. Some received no notification until they came to get their pay, and none knew of what was coming more than three days before the dis-charges took effect. The discharged

The same system of reduction is going into effect wherever the Adams express reaches. Men have been dismissed at Chicago, Cincinnati and elsewhere. Said a discharged employe yesterday "When we asked why so many of usere discharged we were told that bust ness being dull economy demanded a reduction of expenses. That excuse is too absurd. In October every expres-company has all the business it can handle. The men discharged are old The men discharged are old hands who earned good wages. Green hands at small wages are to be given our places. It is not unlikely that out of sympathy for us the men retained may go out and tie up the business."

CINCINNATI, Oct. 1.—Manager Weir

of the Adams Express Company partly denies the reports of sweeping reduc-tions in the personnel and salaries in the company. The salaries are not to be reduced, he says. A slight reduction in the force employed will be made, however.

AGAINST "CUT PRICES,"

The Druggist Association Takes Measures to Stop the System,

Yesterday's session of the National Wholesale Drugg!sts' Association at the Arlington was devoted to the discussion of "cut prices," and cut-price druggists were thoroughly condemned.

In the evening the members of the association laid aside business cares and enjoyed themselves in a social way with their ladies and friends. The hall in which the meetings are held was cleared of seats and dancing and other amuse-ments indulged in until a late hour. The music was furnished by the Marine

To day the greater majority of the members are scattered throughout the ity seeing the various points of interest. Many carriage parties have also been made up to visit Arlington and the Soldiers Home.

A short business session was held in the meeting-hall this morning, and recorts and resolutions were received rom the various committees. Among he resolutions adopted was one pro-viding for the appointment of a committee of three members to act with the National Wholesale Drug Association and the Association of Retail Dealers

in order to take measures to arrest the system of cut prices now in vogue.

The association will attend the performance of De Wolf Hopper's "Castles in the Air" at the New National Theatre to night, after which a banquet will be given at the Arlington.

Candidates for Warden,

All the Justices of the Supreme Court of the District will return this week, and it is thought the office of the warden of the jall, made vacant by the re-cent death of General John S. Croeker, will be filled. There are several candidates for the position, the most promi-nent being Mr. Burton R. Russ, the deputy warden, who filled that position during the entire time General Crocker was in charge and who is now acting warden. He thoroughly understands the duties of the position, and his ap-pointment would be a just recognition of his past services. Mr. Robert Ball, the orier of the General Term, is also a candidate. Messra, J. Frank Miliner, the ticket agent of the Baltimore and Ohio Railroad in this city, has received the indersement of a number of mem-bers of Congress from Maryland, and Mr. Frank Miller of Georgetown is backed for the position by the Grand

FOUND DIFFERENT LODGINGS.

Last night R. J. Skates, a resident of Richmond County, Va., passed through the city returning from Battlmore on his way to Alexandria, where he had

been summoned to appear in court to He met Officer Sissell of the Fifth Precinct on New Jersey avenue and asked him where he could find a chesp ledging house. He had only \$3 in money and he had to use that. Officer Sissell volunteered to see that he was provided with lodging at the stationhouse, and upon reaching there found that Skates had a revolver in his pocket and immediately lodged a charge against him for carrying concealed

weapons.

Instead of being given a comfortable Instead of being given a comfortable ledging. Skates was locked up in a cell, was brought to Police Court in the van this morning, and leaked up in the dungeon with all the other vagrants and criminals. Skates is a very respectable-appearing man, and when he was arraigned in the court room among a dozen negroes and white vagrants he felt his disgrace keeply. He was represented in court by Mr. Campbell Carrington, who said in transit through the city his client had a perfect right to have the weapon in his possession. Judge Miller was of the same opinion,

and dismissed the case.
Officer Sissell testified that Skates was perfectly orderly, and had not shown or threatened to use his revolver.

REMEMBERING THEIR FRIEND.

Employes of the Postoffice Make a Presentation to Mr. Boss, The employes of the City Postoffice met last night at the National Hotel and presented Mr. Ross, the retiring postmaster, with a handsome gold watch and chain, with a thirty second degree Masonic charm. Captain Sherwood, the new postmaster, in making the pre-sentation speech, complimented Mr. Hoss highly, saying that he had never

met a better gentleman or more efficient Mr. Ross in reply praised the super-intendents of the office for their good work, and warmly commended the local press for their aid in promoting the in-terests of the office. He also thank the Posteffice Department for its efforts, and acknowledged Captain Sherwood's services in a manner very gratifying to

that gentleman. Mayor Bates, chief of the free dellyery system, also made a brief speech, after which a bountiful supper was served in the hotel dining room.

HIT WITH A RIFLE.

How a Shooting Gallery Keeper Tried to Collect a Debt.

There was another quarrel at the shooting gallery near Twelfth street and the avenue last right. George Hoblitzell, in company with two friends, John Lamford and James Davis, went into the place and engaged in target practice. Some dispute arose over the amount of money to be paid and an alterestion ensued between Professor John Lovis, the keeper of the gallery, and Hoblitzell, during which the latter was struck several times over the head with a rifle. Officer Barney arrested Lovis, and the injured man was driven to his home, 1416 Q street northwest. When the case was called in Police Court to-day, Hoblitzell, the prosecut-

ing witness, failed to appear, and Dis-trict Attorney Mullowney asked that an attachment for him he issued. Judge Miller sald he had received information from Hobitzell's family that his condition was so serious that he could not appear in court and the hearing was continued until Friday.

SENT TO THE REFORM SCHOOL.

A Boy Who Placed Stones on a Rail-

road Track for Fun. Joseph Brown, an 11-year-old colored boy, was in the Police Court today charged with placing an obstruction on the tract of the Baltimore and Ohio Raiiread at Takoma. The engineer saw him do it, and he stopped the train in time to probably avert an accident. He caught the boy and turned him over to the police. Brown said he only did it to see the cars crush the stone, but Judge Miller thought heroic measures necessary and sent him to the Reform School during minority.

Secretary Batcheller Talks.

Assistant Secretary Batcheller spoke last night at the meeting of the New York Republican Association at Grand Army Hall, C. E. O'Brien, president, in the chair. In the course of his remarks the speaker said there were no newspaper men present, and that he wished to say something about the civil service. He thought that a Government employe needed something more than intellectual capacity, and that the present examination could not possibly test a candidate's moral or industrial

The Guy Case. The Guy case will not be settled for ome days yet. Commissioner Dougluss said this morning that the case would positively not be considered by the board until Colonel Robert is well and returns to the office. Colonel Robert is still improving but it cannot be said when he will return to the District building.

A Negligent Official,

"Roddy" White was in court this morning charged with a violation of the Sunday House law. After the witnesses for the government had been sworn Mr. F. P. Closs, the defendant's counsel, moved for an arrest of judgment on the ground that the information had not been sworn to. Judge Miller granted the motion. No Liceuse Was Seeded,

Professor Betts, the dancing muster,

was in court to day charged with running an unlicensed entertainment. He was fined last week for the same offense. It was shown that he had been told by the Commissioners that he did not require a license and Judge Miller disprissed the case.

I will say that I did receive \$5 each from Ligon and Giass, but it was given by them voluntarily, and I handed the money to Secretary Smith, which he afterward turned over to me as treasurer of the league and for which the secretary had given me a receipt. I turned over to President Newton \$100 received for initiation fees and dues for membership. Most of it was for that, but some of it was for the campaign fund. It all came, however, from members of the league. During Mr. Benedlet's administration of the Government Printing Office there was nothing unusual in collecting cam-

paign funds from the employes."

Mr. Newton is no longer a resident of Washington, or proprietor of the Lenox House. He is, as learned, pro-prietor of a large hotel, much patron-ized during the summer mouths, at Leetburg, Va. The hotel was erected

A DISCOMFITED SPOUSE.

Her Intended Deadly Deed Converted Into a Practical Joke,

The citizens of Gilbertsville, Montgomery County, Pa., have been fursished with quite a sensation by the actions of a married couple of that place a tew days ago. According to the Pottstown News the harmony of the family circle was broken by a rupture between man and wife, and the woman in a fit of anger gave her liege lord to understand that she would get even with him, even if she had to poison him, and warned him to look out. He, elleving she would carry out her threat, went to the stores throughout the village and notified them not to sell her any poison.

Sure enough—so the story runs—she was on hand in a short time and asked for a box of rat poison, and the mer chant, to accommodate her, mixed up potion, of which flour was the mult gredient, which she paid for and left as store. The storekeeper in the mean the store. The storekeeper in the meantime notified the husband of her ations, and when he went home for his
meal he was prepared for the next act.

The meal was caten in silence, and
upon its completion he began to complain of pains, and went into the next
room and lay down on the lounge and
pretended to be neiplessly sick. The
vindictive woman quickly went apstairs, and setting a rope dropped it
down through a pipehole, fastening one
end to a bedpost; then coming down
stairs again made a loop, and placed it
around the neck of the apparently sick
man. She then hurried upstairs and man. She then burried upstairs and drew the rope taut, and pulled on the same until she had, as she thought. hisband suspended.
